2 Sets **SUPERSET**

Reverse Step Up: Build Tension up the inside of the standing leg, Controlled descent, max contraction on the front of the upper part of your leg. Shoulder Flossing: Do not be happy with the range you have, really contract from the top of the arm and aim to twist as much as you can. Slow controlled reps Side Lying Knee To Knee: We really wanna try to feel a nice fluid movement from the top hip as you roll the ball forward and push the top knee away from you, this is to try to educate the hips to begin to rotate.
